APTA Public Policy Priorities 2023-2024

Patient Access and Care

APTA urges Congress and the administration to improve patient outcomes by eliminating barriers to health care services.

Population Health and Social Determinants of Health

APTA urges Congress and the administration to enact policies that empower all people regardless of where they are born, live, learn, work, play, worship, and age to live healthy and independent lives.

Value-Based Care and Practice

APTA urges Congress and the administration to facilitate and support payment that ensures patients achieve the best outcomes commensurate with the cost of care.

Research and Clinical Innovation

APTA urges Congress and the administration to prioritize research and clinical innovation to advance the science, effectiveness, and efficacy of physical therapist evaluation and management to optimize the health, well-being, and recovery of individuals, communities, and populations across the lifespan.

What is the APTA NH State Legislative Committee?

Meet and review NH House and Senate Bills that may impact the practice of Physical Therapy or Patient Access to PT/Healthcare Services in the state

Testify at NH Statehouse on proposed legislation to support, defend or voice opposition

Work to educate and hopefully influence legislators on issues that align with our values and mission

Work with APTA NH Lobbyists to identify areas that we would like them to advocate for on our behalf

Examples of recent APTA NH Legislative Wins:

- **Telehealth Advocacy**
- **Expansion of Direct Access Practice**

So How Can You Have Your Voice Heard?...the APTA Federal and State Legislative Advocacy Action App is Available to You to Download!

Advocacy doesn't get easier than this! Members and nonmembers can send prewritten messages to their legislators with a few screen taps, view talking points on legislative issues, and find your legislators. Search "APTA Advocacy" in your Apple or Google app stores. This powerful advocacy tool is free!

2023 HOD Motions

Support of equitable pay regardless of gender and gender identity.

Support of Pay transparency.

Recognition of subspecialties.

An exploration of alternative models for PTA education and practice.

The right of PTAs to serve as component delegates.

Advocacy for more streamlined credentialing processes for PTs and PTAs

More support for components' social media-based marketing efforts.

Searchable system for House business.

Support for increased attention to rural health issues.

Promotion of the role of PTs in the treatment of long COVID.

Increased education around indicators of human trafficking.
